Dear Miss Melton

I inclose my mite in aid of the Liberty Bell, hoping to hear it ring its annual peal for many a year to come. My Contribution would have been larger but I have been called upon to give some help in another direction, tho' for the same end. I am rejoiced tho' not surprised to learn that your sister Caroline is enjoying her visit abroad so highly. How fortunate for her, so fond as she is of stirring events, that she chose the present time for her visit. I shall hope to see her and enjoy her account of all she has seen and learned — As to your sister Deborah We do hope she may come to New Bedford this winter. Will she

not come & visit us? My wife joins dearly in this request & we hope she may be at leisure & inclined to come. We should be most happy to have her with us. With much regard to yourself and kind remembrances to your sister believe me Very truly.

Yours Truly.
